Why teams choose TechSaaS

TE TechSaaS

We do not just write code — we have shipped 36+ products to real users. That experience shows in every project.

AI-First Development

We integrate AI into everything — from resume parsing (Skillety) to autonomous DevOps agents (OpenClaw). Your product gets smarter out of the box.

Full-Stack Expertise

React, Next.js, Node.js, Python, Go, Three.js, WebGL — we pick the right stack for your problem. 36+ production projects prove it.

Self-Hosted Infrastructure

Our PADC platform runs 90+ containers on optimized hardware with GPU acceleration, SSO, CI/CD, monitoring, and zero-trust networking.

Security & Compliance

Authelia SSO, Cloudflare Zero Trust, CrowdSec WAF, automated vulnerability scanning. Built from experience with Tsaaro compliance projects.

Rapid Delivery

Gitea CI/CD, Docker containerization, automated testing, and one-command deploys. We ship features fast without breaking things.

Industry Versatility

HR-Tech, Ed-Tech, FinTech, Healthcare, Enterprise, Government analytics, Sports tech — we have built and shipped in all of them.

Industries we have shipped in

Real products, real users, real industries. Not proof-of-concepts.
